Canadian Angus National Director Elections

Tom deWaal and John Appleby have let their names stand for the position of Canadian Angus National Director taking over from Lorraine Sanford when her term expires in 2018.

You will be receiving a ballot in the mail in the New Year to vote for your choice for this position. Please feel free to contact either of these candidates if you have any questions.

Tom deWaal Biography

Candidate for Canadian Angus National Director

Tom was born in Calgary, Alberta and raised on a dairy farm in Airdrie. As a young man he showed dairy cattle in 4H as well as across North America from Toronto's Royal Agricultural Winter Fair to Madison, Wisconsin to Richmond, Utah.

In 1980 Tom attended the Reich World Wide College of Auctioneering in Mason City, Iowa. After graduating college, he started his auctioneering career selling livestock at the Rimby Auction Market and soon after he was hired as one of the three lead auctioneers at the Edmonton Public Stockyard where he spent eight years selling livestock four days a week.

In time Tom started selling farm equipment, heavy equipment and automobiles. It was then that his career path would change and Tom would start selling automobiles at weekly auctions across Western Canada, from Vancouver to Edmonton, Calgary, Saskatoon and Regina.

In the fall of 1989 the opportunity to purchase 50% of a car and truck auction in Prince George arose; with the intention of being a silent partner. However, by the summer of 1990 Tom had bought out the partner and became the sole-proprietor of the car auction, which he still runs today. Currently the car auction re-markets over 3000 vehicles annually for major financial institutions, fleet lease, dealer and rental companies.

During his career as an auctioneer, Tom has always stayed with his rural roots and his interest in cattle. In 2003 he purchased his first registered Angus cattle which has led to today’s Harvest Angus herd, consisting of 120 mother cows. Harvest Angus promotes their brand at local and national livestock shows.

During his chosen careers, as both an auctioneer and as a seed stock producer, Tom has held numerous volunteer positions. Included would be his 10 year Presidency of the BC Auctioneers Association and this year he will be completing his fourth year as President of the BC Angus Association.

Over the years, Tom has been a big supporter of “Giving Back” and has supported numerous organizations offering his professional auction talents. Tom is a three time BC Auctioneering champion and also a BC Hall of Fame Auctioneers, a career he has enjoyed for the last 37 years.
John Appleby Biography

Candidate for Canadian Angus National Director

I wish to let my name stand for the Position of Canadian Angus National Director. It would be my honour and privilege to represent British Columbia members and the BC Aberdeen Angus Association.

I have been a active member of the Angus Association since 1985 and currently serve as a Director with the BC Angus Association. I was actively involved in 4-H clubs for many years. My grandfather and Father raised Angus cattle for a number of years.

In 1996 I earned the Professional Designation of Professional Logistics (P.Log.) and over many years worked in the Forest and Petroleum field as a Logistics Specialist. Over that period of time, Myself and my Family operated a small farm, raising purebred Black Angus cattle under the name of EASTVIEW FARMS. We currently run about 70 head of Purebred Black Angus and sell breeding stock throughout BC. We have shown Angus Cattle at a number of small shows and supported Gold Shows.

Over the last years I have manned a promotion booth, talking with producers and promoting the Angus breed. I strongly believe that all producers, large and small, need a voice with our governing organization. If our breed is going to grow, we need to find new and innovative ways to promote our breed and remain as the top breed of Cattle in Canada.

I look forward to our members support in the future.

John D. Appleby

Our Condolences

Rob Holowaychuk passed away Oct. 4, 2017. Our heartfelt condolences to Belinda Wagner and Rob’s family.

The BC Angus Association wishes to extend our deepest condolences to the family, friends and Abbotsford Police Department on the tragic loss of Constable John Davidson who passed away in the line of duty Monday, November 6, 2017.

Best wishes for a Quick Recovery

We wish BC Angus Director, John Appleby, a speedy recovery after his recent surgery.

We wish Past BC Angus Fieldman, Jack Brown, a speedy recovery after his recent surgery.
CAA Member Engagement and Satisfaction Survey
By the Canadian Angus Association

After travelling across Canada from September through October, to meet with members and hear their thoughts, ideas, concerns and vision for the future, we have now wrapped up our engagement sessions. We want to thank everyone who was able to make it out to one of the sessions and provide their input and feedback. If you weren’t able to make it out to a face-to-face session, but have thoughts or ideas you’d like to share, please don’t hesitate to contact Carmen Koning, Member Value Team Leader, at 587-230-3520 or ckoning@cdnangus.ca. She’s always happy to hear from members and add their insights into the overall results.

The next step in the strategic planning process includes a comprehensive member survey which was sent out to all members on November 14th. The questions asked in the survey will be based on the themes, ideas and suggestions that came up during the in-person engagement sessions. The purpose of the survey is to ask for input from all members, whether they attended a session or not, to help define the future direction of your Association.

Ingredients:
- 1 cup butter
- 1 cup brown sugar
- 1 cup sugar
- 1 cup corn syrup
- 1 can sweetened condensed milk

Melt the butter in a large glass bowl.
Add all ingredients except milk and stir well.
Add milk and stir.
Microwave on high for 13 minutes. To be safe, put a plate under your bowl in case it starts to boil over.
Remove from microwave and stir again.
Pour hot caramel into a buttered 9×13 pan and allow to cool.
Cut into small squares and wrap in wax paper.

Brian Good, Senior Director of Business Development AB and BC

Great cattle, excellent prices, large load lots in BC locations this fall. OK Falls, Kamloops, Williams Lake, Vanderhoof and Dawson Creek! Thanks and congrats to producers and buyers.

Canadian Angus Director Report  
Lorraine Sanford, Canadian Angus Board of Directors

Greetings:

The CAA Fall Directors met September 24th to September 26th at Angus Central. This meeting usually begins with a joint session with the Canadian Angus Foundation Board of Directors. Our fall meeting includes an educational component, and this year was no different. Board communication with each other and with our members was the focus. Our next task was to entertain our insurance provider. The board is confident we have adequate insurance coverage for Angus central, its contents, liability etc. We assessed the proposed 2018 budget as part of our annual review of the CEO's compliance...our CEO presented a balanced budget and we found him in compliance within our policy, including the annual contribution to the boards restricted reserves, which is based on member activity.

The Board of Directors is committed to working with the Canadian Roundtable for sustainable Beef and the verified Beef Production Plus program, more on that in the coming months. We also invited Cargill to give a presentation and update on the Canadian Beef Sustainability Acceleration Pilot project, more on this to come as well.

We revised the Fee schedule to include the new ACE (Angus Cow Enrollment) annual fee of $65.00 per cow. The new voluntary ACE program is available January 1st 2018. A member’s ACE enrollment fee is based on the number of active cows on the Fall inventory.

Finally...Mark your calendars... BC hosts the 2018 CAA Convention Comox Valley June 8-11.

New Beef Sustainability Pilot Project

Canadian Beef Sustainability Acceleration Pilot and VBP+

Dear VBP/VBP+ Producer,

Firstly, thank-you for your commitment to the Verified Beef Production Plus program. We write today to explain a new and very exciting development in the evolution of sustainable beef verification in Canada.

As you may or may not be aware, a pilot project involving VBP+, Cargill and BIXS was launched at the Canadian Beef Industry Conference in August called the Canadian Beef Sustainability Acceleration Pilot (CBSA). The CBSA pilot aims to build industry momentum for beef sustainability in Canada. The pilot will set up the infrastructure needed by Cargill and along the entire supply chain to implement a commercially viable sustainable beef supply chain. The framework for such a supply chain is currently under development by the Canadian Roundtable for Sustainable Beef and, on completion, will be able to help the beef industry demonstrate the sustainability of Canadian beef production through a robust, credible certification program which will include future consumer-facing claims about sustainable beef production in Canada. This will help strengthen trust among consumers in the Canadian beef industry. The pilot is an important early step in building this supply chain. Three Cargill customers, including McDonald’s Canada, Loblaw Companies Limited, and Cara Foods, are participating in the pilot.

In the CBSA pilot, Cargill will track cattle through a fully-audited sustainable supply chain (via BIXS). Financial credits will be awarded quarterly to all operations (ranches, backgrounders, feedlots and the packer) that deliver cattle from a fully-audited sustainable supply chain. This means that in order for cattle from your operation to be eligible, not only do you have to be verified, but so does every other operation the cattle move through (including the packing plant). Currently, Cargill’s High River plant is the only verified plant but that may change based on demand.

The pilot will run for a minimum of a year starting Oct 2017, with the first credit payments going out at the start of 2018 and then continuing quarterly. A document of frequently asked questions is available here.

The launch of CBSA highlights two important points.
1) How do producers get the benefit of CBSA?
2) What changes does VBP+ have to implement in order to appropriately service CBSA and how does that affect you?

How do producers get the benefit from CBSA?

To distribute the credit CBSA needs to be able to connect cattle to your operation. The chosen method to do this is through individual animal ID's and the Beef InfoXchange System (BIXS). Therefore, in order to be eligible for the credit you must complete all of the following:

1) Be a VBP+ Registered operation and have provided your CCIA/CLTS Account # to VBP+ and have opted in to “Information Sharing” in the enrolment package. If you are unsure about your VBP+ status, or your completion of any of the above, please contact your Provincial Coordinator.

2) Be enrolled in BIXS, to enroll:
a. You will need your CCIA account #, not your premise ID#. If you do not have the number readily available call CCIA at 1-877-909-2333, also confirm with them what the main phone number is that you have registered with CCIA. This will also be required to register on BIXS.

   i. Come up with a user name and password, easy for you to remember;
   ii. Fill in all the spaces; and
   iii. Use your CCIA account # and the main phone number, as explained above.

c. You are now ready to start entering cattle/data, or if you have been age verifying in CLTS, come back in 24-48 hours to see what has populated your account.

3) Upload your cattle to the CLT$ or BIXS database via age verification if the cattle were born on your operation or a move-in report.

What changes does VBP+ have to implement in order to appropriately service CBSA and how does that affect you?

VBP+ must be more strict on its Registration protocols in order to meet the needs of end-users, specifically the pilot. To that end, we will implement a strict suspension policy which does not permit the Provincial Coordinators to keep an Operation in “Registered” status for any reason for more than ninety days past the date it could have been “Suspended”. Please remember, once you enter “Suspended” status you will no longer be eligible for credits under the CBSA pilot, so completing audit requirements before your renewal date passes (located on your certificate) becomes more critical.

This policy will go into effect December 31, 2017. That means that if you are currently behind (3 months past your renewal or agreed upon date) on any audit requests or CARs, your Provincial Coordinator will be required to put you into “Suspended” status on or before March 31, 2018. If you have any questions or would like to inquire about your status, please contact your Provincial Coordinator.

Your hard work and efforts in the VBP+ have been very much appreciated. Without your support during the development phases of this program we would not have achieved the success we have and we thank you. We are very excited to finally be able to truly show all the good you do to the consumer and look forward to this amazing opportunity that the Canadian beef industry has been given. Once again thank-you for your participation.

Sincerely,
The VBP+ Team
Get Ready for Bull Sale Season with the CAA

The Canadian Angus Association offers a number of different tools and programs to help producers market and sell their bulls.

We are offering members a set of promotional tools to use leading up their sale. For $45, the package includes:

- Upload of sale catalogue to CAA website and at least one social media platform of CAA
- Sale included on CAA events calendar
- Maximum 3 picture upload of herd bulls on CAA animal inquiry web page
- Access to Angus information pieces including ads and graphics
- Access to all logos that member requires

Pedigree Extracts for Sale Catalogues

The CAA can provide three-generation pedigree and all available performance data as a text document or Word document. The cost is $2/animal if the registration number is sent electronically in an Excel file and $5/animal if the registration number is sent by email or fax or if only the tattoo is provided. Your sale catalogue will be posted online and added to our events calendar. To add your sale animals to the Sale Catalogue listing, contact the CAA office today.
Remember the calving letter for 2018 is F
Merry Christmas B.C. Angus kids!

IT’S CONTEST TIME!

We will be doing a draw every month in 2017 for those that have submitted their stories to us for the updated history project.

SUBMIT YOUR STORY AND BE A PART OF OUR PROJECT!

Month of December prize
A bag of CAA RFID tags

1-888-571-3580 • www.cdnangus.ca
Have you ordered your Angus tags yet?

Ordering Angus tags has never been so easy!
> Call 1-888-571-3580
> Visit www.cdnangus.ca
> Tags can be pre-ordered for future delivery
> Regional Association secretaries have tags available
> The Business Development Team has tags accessible across Canada

As an Angus Tag user you are eligible for free Age Verification services through your Canadian Angus office. You are also eligible for a free membership to the Commercial Angus Identification and Performance Program (CAIPP) through which you can record pedigree and performance information on your commercial Angus-tagged animals. The program uses this information (and DNA parentage verification testing) to provide you with valuable marketing and genetic selection tools.

One such tool is our Commercial Angus Animal Record, as shown below. The Commercial Angus Animal Record allows producers to market F1 heifer calves as replacements with both pedigree and performance information. Commercial producers participating in female sales that used these Commercial Angus Animal Records to differentiate their heifers found these Records to be of significant benefit.

For other tools available through the Commercial Angus Identification and Performance Program (CAIPP) contact your Association office at 1-888-571-3580.
Junior Report

By Meghan McGillivray, B.C. representative, Canadian Junior Angus board

Hi juniors!

I hope you have all had a nice fall and are looking forward to the winter break. I would like to give a big thank you to all the breeders who bought tickets for the CJAA donation heifer at Agribition this year. This is a big fundraiser for us and it helps to fund a lot of the CJAA events each year. Additionally I would like to thank the breeders from BC who purchased business cards and calendar pages in our 2017-2018 calendar: Poplar Meadows Angus, McGillivray Land and Livestock, Sealin Creek Ranch and Heart of the Valley Farms. Your support is greatly appreciated both by myself, and all the juniors in our province and across the country.

In terms of CJAA news we are hoping to see lots of BC junior members at GOAL Conference in Winnipeg this year. We have some excellent speakers lined up for the conference as well as some new fun activities. Since it is a bit farther away, remember that there are plenty of CJAA travel bursaries as well as support from the BC association if you are interested. As always the scholarship panel discussion is a great part of GOAL and I encourage all eligible members to send in applications - the deadline is January 15th. With $11000 being distributed to the five finalists, it is certainly worth it!

This year showdown will be held in Barrie, Ontario July 19th-21st. Last year we had a huge show and are looking forward to keeping up the momentum in Ontario. It will be a great opportunity to meet new members and see different genetics so make sure you mark it in your calendar! We have a number of travel bursaries given out by the CJAA so make sure you all apply. If you have any questions about the show feel free to contact me. I hope to see many of you there!

As always, if you have any questions, concerns or ideas you would like me to bring forward to the CJAA board please feel free to email me at meghanmcgillivray@gmail.com or call me at (250) 320-3458.

Cheers,
Meghan

BC Angus Secretary Report

By Carley Henniger, Secretary Treasurer, BC Angus Association

The BC Angus board would like to give our gratitude to all of the people who supported the Heifer Raffle this year, we had a lot of people come forward and invest their money into this fundraiser. A big congratulations to Deanna Lambert from the Houston area for winning herself a beautiful heifer from Mountain Ash Angus. Once again, Diane and Charles donated an amazing girl who would be an asset to anyone's herd- thank you for the contribution to the Angus industry, here in BC.

As we prepare to host the 2018 National Angus Convention in Comox, BC you can expect to see other fundraisers come up throughout the year.

We will be looking to BC Angus members and friends to help support these fundraisers, so keep an eye out as we give you more information!
**2018 B.C. ANGUS SCHOLARSHIP APPLICATION**

Mail completed application and all documents to:

B.C. ANGUS ASSOCIATION
C/O DONNA MILLS

GOAL Travel Bursaries
Awarded by the Canadian Angus Foundation and Canadian Junior Angus

The Guiding Outstanding Angus Leaders (GOAL) Conference promotes leadership skills within the Angus breed. Junior members from all over the country attend this three-day event held in a different location each year. During the event, Juniors hear from nationally recognized speakers, participate in workshops designed to improve their leadership skills, get involved in teamwork activities, and develop beef and industry knowledge. Participants are also given the opportunity to network and socialize with fellow Junior Angus members.

Eight Canadian Angus Foundation (CAF) and four Canadian Junior Angus (CJA) GOAL Travel Bursaries will be awarded in the amount of up to $750 to eight deserving CJA members and two commercial Angus youth from anywhere in Canada. Bursaries must be used within the same year awarded to help off-set travel and registration costs for the GOAL Conference.

“I was fortunate enough to have won a travel bursary through the Canadian Angus Foundation which helped to offset my travel to Ottawa, Ontario to attend my first GOAL conference. I was made aware of the travel bursary application by a fellow Junior and figured it would be worth the short time it took to complete! The application process was very easy and straightforward. The first step was to make a résumé of all your Angus involvement, and then answer a few short questions. When I got the phone call to find out that I had won one of the bursaries I was so excited and could not wait for GOAL conference to come! Winning this meant a lot to me. It truly shows how invested in Juniors the Canadian Angus Association and Canadian Angus Foundation are. The opportunity to attend GOAL allowed me to interact with Juniors that have the same interests as me. Also we got hear from top speakers regarding issues within the cattle industry, which allowed me to come home and share these issues with my family and to apply what I learned to our herd.” - Thank you, Riley Leeson

To be considered for the award, complete and return this application to the Canadian Angus Foundation by January 1, 2018. GOAL will be held February 17-19, 2018 in Winnipeg, MB.

Applicant qualifications:
1. Applicants must be a member of Canadian Junior Angus.
2. All applicants must be 15 years of age or older or be accompanied by a parent or guardian during GOAL.
3. If awarded, applicant must attend that year’s GOAL Conference.
4. All applications must be typed. No handwritten applications will be accepted.
5. Applications must be submitted by email to Belinda Wagner at bwagner@cdnangus.ca with the subject line reading “GOAL Travel Bursaries”.
6. A selection committee will evaluate applications. No interviews will be conducted. Recipients will be contacted one week following the deadline to make travel plans through Belinda Wagner.

Complete application to include:
1. Cover sheet with name, contact information and CAA ID number.
2. Résumé to include but not limited to Angus involvement within the CJA, provincially and hands-on with cattle.
3. Submit answers to the following questions:
   • What do you hope to gain from attending GOAL?
   • What makes you a good candidate to attend GOAL?
   • Explain what you would return to the CAF and CJA for the ability to attend GOAL.
Foundation Legacy Scholarship
Awarded by the Canadian Angus Foundation

The Canadian Angus Foundation functions to preserve and expand the Angus breed for future generations through education, youth development, scientific and market research, and historical preservation and restoration. The Canadian Angus Foundation was incorporated in 1993 and is the charitable arm of the Canadian Angus Association.

Awards totaling $11,000 will be presented to Canadian Junior Angus members, recognizing overall academic achievement, leadership and community involvement, and industry knowledge. Awards in the amount of $5,000, $3,000, $2,000 and $500 for the runners-up will be presented annually at the GOAL Conference.

To be considered for the award, complete and return this application to the Canadian Angus Foundation by January 15.

Applicant qualifications:
1. Applicants must be a member of Canadian Junior Angus.
2. Applicants must be a minimum of 18 years old at the time of the application deadline.
3. Top five applicants selected must be present at GOAL for an interview and panel discussion.
4. All applications must be typed. No handwritten applications will be accepted.
5. Applications must be submitted by email to Belinda Wagner at bwagner@cdnangus.ca with the subject line reading “Foundation Legacy Scholarship”.
6. Awards will be selected on the following scale: 25% application; 25% academic achievement; 25% personal interview; 25% moderated panel discussion performance.

Complete application to include:
1. Cover sheet with name, contact information and CAA ID number.
2. Résumé to include but not limited to CJA involvement, community activities, school involvement and achievement, and leadership activities.
3. Current high school or secondary education transcript along with a current photo must be submitted.
4. Submit a 250-500 word essay on your educational program of choice and future career goals.
5. Selected winners will be required to submit proof of enrollment prior to receiving the scholarship.

“Competing for the Legacy Scholarship was a great opportunity that pushed me to stay educated on current events with our industry as well as communicate my thoughts and opinions effectively with and to other industry leaders. Through the process I was able to improve my interview skills as well as gain confidence participating in the panel discussion. It was a huge honour to be the recipient of the scholarship last year and it has allowed me to focus solely on pursuing my degree in Physiology without the added stress of paying for my tuition. I am so thankful to the Canadian Angus Foundation for this great opportunity!”
